In accordance with O.C.G.A. § 31-7-22(b)(2)(E), the following disclosure identifies any joint ventures, partnerships, subsidiary holding companies, and captive insurance companies in which Clinch Memorial Hospital maintains an ownership interest, membership interest, or other financial stake.

Clinch Memorial Hospital is a participating member of the Collaborative Healthcare Insurance Consortium (CHIC) self-insurance program for hospital employees. As part of this program, the hospital contributes to and participates in a pooled-risk insurance arrangement designed to manage employee health insurance costs. Participation in CHIC includes the potential for financial return, such as a cash distribution or dividend, if claims experience and plan performance result in excess reserves or surplus. Because participation in CHIC may yield cash returns or other financial benefits, it qualifies as a reportable financial interest under O.C.G.A. § 31-7-22(b)(2)(E).

Based on information provided, Clinch Memorial Hospital does not report any additional joint ventures, partnerships, subsidiary holding companies, or captive insurance entities other than participation in the CHIC program.

Clinch Memorial Hospital hereby discloses that its only reportable ownership or financial-interest arrangement relevant to O.C.G.A. § 31-7-22(b)(2)(E) is its participation in CHIC, a self-insured employee health-insurance consortium with potential for member cash returns. No other joint ventures, partnerships, subsidiary holding companies, or captive insurance relationships are reported at this time.
